**Subject:** Johnson County expenditures for CAMA vendor

Dear Sir,

Johnson County currently uses Manatron for its CAMA system, named ProVal Plus. The following are totals of expenditures to Manatron for ProVal support since 2004:

2004: \$39,600.00  
2005: \$42,734.40  
2006: \$90,492.07  
2007: \$40,582.06 through September 30, 2007

We use a tax billing system named "Indiana RTB" on our Modcomp mainframe computer. This system was originally developed by a company named CSS Associates from Springfield Ohio, which later became ProVal, Inc., which was later acquired by Manatron. The system was installed in 1981 and is still in use today. We have paid Manatron annual software support in the following amounts:

2004: \$20,400.00  
2005: \$21,420.00  
2006: \$22,488.00  
2007: \$18,468.00 through September 30, 2007

---

We are considering a proposal to upgrade to Manatron's MVP tax system before the end of 2008.

Our County Auditor, Jan Richhart, will be sending to you by mail the existing contracts Johnson County has with Manatron.

If you have any questions regarding this information, please contact me.

Robert A. Norris
